DESIGNED TO MAKE TOUGH DOCS FOOTWEAR LAST EVEN LONGER

THE CLASSIC CROSS LACE

A good all-rounder with a show-stopping finish. The video below shows you how to do this.

You might see some battered old boots, but we see a pair with plenty of life left. Dr. Martens Wonder Balsam is designed to bring well-worn footwear back to its best. Our balsam wax nourishes leather — keeps it supple, strong and smooth. Used regularly, it will prolong the life of your footwear.

Please note Wonder Balsam contains beeswax and is not suitable for use on vegan Docs.
